**Student's Letter (Excerpt):**

Dear host family,

Hi my name is Alicia and I am 17 years old. I am very sunny, nice and calm. I don't like hate but I prefer peace. I really like making new acquaintances I am very sociable. I live in a village outside of my city. The country where I live is very green, there's a lot of nature. I really like nature.

I have a sister and a brother whom I love very much. My parents are always present in my choices and I have a beautiful relationship with them. I always cook lunch for my sister and help my little brother with his homework. I like helping my parents do housework. I always set my room and it is very neat. I really like animals.

I have Albanian origins, I was born in Italy but my parents come from Albania. I have all my relatives in Albania and I visit them often during the summer. I like traveling a lot I have visited: Hungary, England, Greece and Albania. I go for a run every day in the park in front of my house and after studying. In the evening I am with my family. On Saturday afternoon I see my friends and a Sunday I go to church and then I stay with my family. In my free time I like to cook a lot.

I decided to leave for the USA because your country fascinates me a lot. I like to learn about new cultures. After this experience I would like to study economics in English and join the police force. I hope to grow with you this year and give you all my love. I can't wait to meet you, see you soon. I send you a hug.

Alessia
