Student's Letter (Excerpt):

Dear host family,

I'm writing this letter to introduce myself. I'm a teenager and I live in a small town in Italy. I live with my family that is composed by my mum, my dad and my brother; I love them and they are the best people I know.

My mum is a teacher in a Primary school; she is an understanding person and I can speak with her about everything. My dad is an accountant; he is a reserved person but he is always there for me. My brother is younger than me and he attends the Secondary school like me.

I'm a friendly and generous person; I always try to help other people when they have problems. I'm also a very anxious person specially when I have a test at school because I always pretend the maximum from myself. I don't like fake people and I prefer honest and humble people.

I have been going to dance classes for thirteen years; I do a lot of styles ballet, modern and hip-hop and I love dancing. I also play piano but I don't like playing in front of the public because I'm shy.

I enjoy go camping and I'm a member of the scout and I was the leader of the squadron for one year.

In my spare time I like cooking pretty much anything like cakes, pizza or desserts. I also go out with my friends; we often have dinner in a local restaurant and after we stay together around our town.

I have a boyfriend and we have been together for two years.

I like watching series like Grey's anatomy or N.C.I.S. because I like medicine and investigation I also enjoy see romantic movies.

I am looking forwards to hearing from you,
Your host daughter.
