Student's Letter (Excerpt):

Dear host family,

My name's Claudia and I'm 15 years old. I live in the north of Spain, near the coast and surrounded by mountains. I live with my parents and my older brother, who's now at university and I don't see him as often as I would like to. When we have time, we usually have lunch with the whole family or we go on family trips, but not very far. I have a small dog, his name is Miko, I've had him since I was nine and I got it as a Christmas present. I love spending time with him, he's very energetic and super adorable. I love going on walks with him and my friends who also have dogs, we always have lots of fun!

I do Zumba to keep fit and I go swimming sometimes, I also do rhythmic gymnastics and I really love it. On weekends I go out with my friends and I sometimes go to the movies with my friends or family, I'm a huge fan of action and suspense movies. I also like reading romance books and I love listening to music.

I love travelling, I would like to travel all over the world. I've already been to a lot of European countries, such as Norway, England, France... The city that I loved the most when I visited it was Florence, Italy, it is a magical place, and it has such a lot of history and art. I can't wait to visit it again. I've also been to the United States, New York. Everything in there is so big and bright and very different from anything you could find in Spain. This city is one of the reasons why I want to be an exchange student in USA.

I would like to study a year in the United States because it would be such a good experience for me. I'd make new friends and have the opportunity to get to know another culture very different from my own culture.

Thanks in advance for hosting me.

Kind regards,
Claudia.
