Student's Letter (Excerpt):

Hello!

I'm Inés, a girl who likes being kind with the rest of the people and making laugh her friends.

I'm interested in some things. I really like the fashion, cos' it's a way to show your feelings and it changes every season. Sometimes my friends and I meet in the city center and we go shopping only to seeing what's in on this season . We've fun thanks to some funny clothes. In the future I would like to go to the Fashion Week.

I also like the contemporary dance, if I have a bad day , I drop all the bad thins dancing. And I have met really kind people in the lessons, nowadays we're friends and we form a nice dance group. I think that this is a hobby .

But in the future I imagine myself in a foreign country. I will be so thankful if I work in a TV channel as a journalist. It's my dream job, it's a job in which. I will feel really good because I'm a gossip girl so I like every news and if I say it to rest of the world, I will love it. Being a journalist would help me to travel around the world. I want to visit all the world. I mean the poor countries and the rich ones because all of them for the big world where we're living. I want to know their cultures and I want to feel that I'm like one of them. I would like to try their food, their costumes, their holidays, their special days.

That is a little part of me, I will be so happy to show you the rest.

Inés
