**Student's Letter (Excerpt):**

Dear host-family,

My name is Jule and I am 16 years old. I live with my parents and my brother. We also have a dog named Jackson. My grandparents live in the same city and we visit them every week. I go to a school that is near my house, so I can drive there by bike every day. My favorite subjects are math and biology, but I also like arts and sports.

During the week I like to go for a walk with our dog. I also like to read books, do something with my family or meet with friends. Me and my family like to walk our dog in the park or cook food altogether on weekends. In the evening we love to sit on our couch and watch movies or play board games.

I work as a veterinarian assistant on some Saturdays just for fun, because I really like to work and deal with animals. This is one of my hobbies. Another hobby of mine his ballet. I dance in a group of some girls and every year we perform on stage in front of many people. But I also like to do workouts by myself or go jogging with my dog.

I would like to try some new hobbies and I am very in excited to see new sports are not very popular in Germany. I am very excited to go to the USA because it has been a dream of mine to go there for many years. I am very thankful that you give the chance to spend one year in the USA. I am looking forward to experience the country and its culture through my own experiences which I will make.

Thank you for giving me this big opportunity.

Sincerely yours, Jule
