Student's Letter (Excerpt):

Dear host family,

My name is Luca and I am a 17-year-old boy from Germany. I am a big sports fan and basketball and soccer are my favorite ones. I am also creative I like to sketch on sneakers from friends or my own and next to sketching I also like to write songs. In my free time I play soccer on a team on high-level and in the summertime I play a lot of basketball with my friends. Because I'm not the smallest and I play good but my shots are not the best. Next to my fall sport activities I work at the gym three times a week. I just started lifting weights so no big muscles as Arnold Schwarzenegger.

In the evening after training I normally play PlayStation with my friends while we speak about school stuff or what happened the day. At the weekend I always have a game with my soccer team where we sometimes drive about an hour if we don't play at home. During the week or at the weekend I watch YouTube before I go to bed. Sometimes I watch music videos of German rap or American and most the time Vlogs. Most of the videos I watch are from American YouTube because they show more content than German ones.

In the future I would like to live in the USA because it is such a beautiful country full of surprises and the life wouldn't be less boring. I'm very excited to go to America and it's like a wish come true. I've been once in the USA when I was eight years old. We visited sea world in Florida and also Disneyland. We stayed in Florida for some weeks in a house with a pool. It was probably the best vacation in my life and I can remember every detail.

Every time I watch documentaries about America I want to be there instead of in Germany. I love Germany and I'm proud to live here but how I said, it's a big dream to live in the USA. I hope and think we will have a great time and I'm very thankful for the opportunity that you give me and I am very excited to meet you.

Luca
