**What makes you unique:**

**Student's Letter (Excerpt):**

Hello!

My name is Lucía and I am 15 years old, I'm from Spain.

I consider myself a sympaathetic, nice and friendly person, sometimes at the beginning I can be a little shy I have a open mind and I like learning about new cultures. In relation to my appearance I have green eyes, blond hair and I am short.

I have a good relationship with my family. I have a twin sister, I also have a brother, and he's 13 years old. My mother is a doctor. My father is a vet.. I love animals, in my house I have a dog, it's called Loli and it's very small in my father's house I have another dog, it's called Dos.

In my opinion the sports are very important, I love playing volleyball in my school team, I do athletics and in summer I like surfing at the beach next to my house.

I like playing the violin and I started playing it when I was seven years old.

In my freetime I like reading, at the moment I'm reading "El corredor del laberinto". Every day I listen to music, in my free time I also play the violin. For me my friends are very important and I meet them every weekend. Every day I do sports and when I have time I enjoy watching series.

I really want to go to United States because I love traveling and I like knowing new places and meeting different people. Two years ago I went to a camp on Detroit, I had a really nice time and I will like to go again to United States.

I want to thank the family that chooses me, because thanks to them I will be able to spend a year in the United States and I will be able to learn a new culture.
