Student's Letter (Excerpt):

Hello! I'm Marina and I'm fourteen years old. But when I go I'll be 15.

My family is composed of four members: me, my parents, and my bigger sister. My mother works at the cheese factory and my father is an event organizer.

My school is big we are 800 students it has good teachers. I really like the school. We have a lot of different classrooms like technology, biology, chemistry, judo. We use judo class to do sometimes physical education.

In my free time I like to meet with my friends or go shopping.

I like to spend time with my family. I did two different travels, a part of the summer holidays. My first plane ride was when I went to Ireland, it was a wonderful travel. I was there for one month and I met many people. And the other time was when I was in the UK as an exchange with the school. I only went for one week but it was a different and funny.

Thank you, Marina
