Student's Letter (Excerpt):

Hi, I'm Nicole a 16-year-old girl who lives in Italy, with her family.

We all come from Brazil, but we've been living here for many years now. In my family we are 4 people: me, my mum, my dad and my older brother who currently works and lives in London.

We've always been very close and helped each other in difficult moments. I know I can count on them any time.

My dad is the best person I could ever know because he always puts us and the people he loves first of everything else.

My mum is strict but anything she does, she does it for me and my brother.

My brother is also my best friend. Although he's much older than me, I know he'll always understand me and be there for me.

He's influenced me in many aspects of my personality and in the way I think today. He's kind, intelligent, funny and he's got a good heart.

Some things I can say about myself is that I study languages and I love it. I already speak Italian and Portuguese, but my dream is to know a lot of languages and cultures and travel all over the world.

My biggest passion is dancing. I couldn't live without doing it, but I couldn't stay without seeing my friends as well.

I wanted to do this experience since the really first time I had heard about it, so I thank you so much for hosting me in your house and letting me realize my dream.
