Student's Letter (Excerpt):

Dear Host Family,

My name is Pedro, Im from Brazil, I live in a medium size city and Im 16 years old. I want to be a foreign student because I always saw myself being an american, I've always prefered the american music, sports, culture and the whole american lifestyle. I've been to the United States a few times, I went to Florida, California and my favorite, New York City.

I love sports, my favorite is basketball, I try to watch it everyday I can, and I love to play basketball too, but only a few people play it here in Brazil. I watch NFL games every weekend and I would love to play football if I could. My family here in Brazil is really important to me. They support me in everything I do and it means a lot to me. They're really helpful and I try to help them in everthing I can. I have breakfast, lunch and dinner with them.

At school, Im a person with a lot of friends, everytime I meet a new person I try to be as funny as I can, because I love to meet new people and make new friends. I try to put my friends up everyday, because I feel really bad when someone I like is upset or something like that, so everyday in my life I try to be as positive as I can with everyone around me.

In my free time, I love to play videogames, specially sports games like NBA2K, Madden and FIFA. I like to watch videos on YouTube too. I go out with my friends every weekend and this is one of my favorite things to do. I love to watch movies of every style, my favorite is interstellar, but I also like to watch hero movies, like The Avengers and other Marvel movies.

I go to the gym three times a week, and I think that it's the best part of my day, because I have some friends that go with me, so it's very fun and at the same time I can put the scool stress away by exerciting myself. In the future I would like to go to an economy university or to become a doctor in the nutrology area.

This is pretty much what I like, who I am and why I want to go to the United States.

Thank you,
Pedro.
