**Student's Letter (Excerpt):**

Hello dear host-family,

I am very excited to meet you and I hope we have a nice time together. I would say our time will be funny, because I'm an open person and would like to try a lot of new things. Maybe can get to know your hobbies and discover something new for me. Of course we can also do things that I do on some days here in Germany, if you want. Things that like to do in my free time are for example reading, various outdoor activities, try to cook new food or sometimes to decorate my room new. My daily routines are mostly similar, at least during the week, because I mostly study for school after school or sometimes meet with friends. I have been to America so far and could get a small impression for myself. It would be interesting for me to get to know the American culture properly and if you want, I bring you a little bit of German culture. I am a very interested person which is why I'm really looking forward to meet you. In the ten months we will spend together, I hope to experience a lot with you and possibly become a part of your family.

Your Rika
