Student's Letter (Excerpt):

Dear host-family,

First of all I want to thank you for reading my letter and giving me the opportunity to live when you're in your family to make your decision easier. I want to tell you something about who I am. My name is Yannic. I'm 16 years old and live in the south of Germany with my parents and my little brother. We live in a nice apartment with a nice garden. My mother works in the hospital and my dad works in an office. My family is a very important part of my life and I can do a lot of great things with them like going to the zoo, surfing, during holidays, playing with my little brother, and just spending time together.

I'm a very curious person who likes to make new experiences and to meet people from other cultures. In my spare time I play American football and skateboarding. I really enjoy going to the gym after school. Another hobby is listen to music and reading. I also like to do something with my friends.

I've always love traveling a lot and the USA has always fascinated me. I'm really happy that I will soon get the chance to know the country and the people living there. Even though I spent two weeks in France two years ago on language travel the time in the US will be a completely new experience for me. I've heard that the school system in the states is a lot different from ours and I'm very curious what it will be like to attend an American high school. I think that living in the USA will be an awesome experience for me and that it will be had a big influence on my life and personality.

Finally I want to thank you so much for giving me the chance to spend time with you improve my English skills and learn about your every day life and your culture. I'm looking forward to living with you.

Kind regards, Yannic
