**Student's Letter (Excerpt):**

Dear host family!

First of all, I would like to thank you for giving me possibility to live one year in your family. In the following letter I am going to write a little bit about myself so that you get an idea about me.

My name is Anna, I's 15 years old and I'm from Germany. I live with my parents and brother in a small village. I'm sporty and I like to take part in social projects.

In my free time I love to do sports. I play handball and soccer in a club because I like the team spirit and spending time with my friends. I would like to try out new kinds of sports. Besides that I can play the piano and I'm interest in photography and drawing. But sometimes I just like relax and listen to music or read a book.

My family is a important part of my life. The relationship to my parents is very good so that I can speak to them about everything. Most of the time I get along well with my brother too. We like to play board games and to travel in our vacation.

In school my favorite subjects are math, physics, and sports. When I am done with school I would love to travel and study at university.

During my exchange I hope to gain a lot of new experiences so that I can develop my personality. I'm very happy to become an exchange student in the US because I want to find out more about the American way of life, the culture and the famous school spirit. And maybe I can give you a little idea about Germany way of life too.

Anna
