Student's Letter (Excerpt):

Dear host family,

how are you?

I'm Claudia, i'm 16 and i live in a small town which is famous in all the world for being part of the footwear district and for the production of baby shoes. My town is situated in a strategic position, on a hill. With 30 minutes by care i arrive in the mountains and with 10 minutes i arrive at the sea where i spend my summer holiday. In my home we are 4: my dad, my mum, my sister and I. We also have one dog,Dante, and one cat, Teo. Certainly i miss them more than all! My dad and my mum work together in footwear sector, while my sister is owner of a swarovski shop.

Now i talk about me. I attend the tenth grade of high school where I study languages and i've choose this because i love stranger languages. In addition to English i studying spanish and german. When the school proposed to us to do the exchange year i was immediately enthusiast and i've chosen the USA because it has always been my dream. Certainly i will improve the english my English and will live a challenging cultural experience. Know the american scholastic world intrigues me so much because it will be totally different of italian, and for me this will be an unforgettable life experience even because i will live with a family that will take the place of mine for one year.

I know that i will have homesickness moments,but i'm sure that with your help i will manage to overcome it.My family is very happy for my choice though they will miss me so much.

Over the school i've more interests: i attend singing course since 2017 and i having fun when i interpret my favorite singers: Tiziano Ferro and Ed Sheeran. In winter i love skiing.But my biggest passion is volleyball that i have practiced since i was 6 and now i playing it in 2 championships: under 18 and first division. By the way of this i would like to play volley also in USA for stay in training.

I'm sure that this will be an unforgettable experience under all points of view and elaborate on my english will need for realize my dream: sign me up, after my graduate, at medical School and, if possible, to attend one foreign faculty. I can,t wait to see you and to live in USA.

See you soon,
Claudia
