**Able to live with smokers:** Yes, but only if they smoke outside

**Allergies:** No

**Special Dietary Restrictions:** No

**What makes you unique:**

**Student's Letter (Excerpt):**

Hi!,

My name is Cristina, I'm 15 and i live in a city of the north of Spain. I always have wanted to learn English well and study it. I also went to english summer camps, my level of English is good and I like to practice it.

My older brother did this experience last year and he is looking forward to return. I like all things he says to me and I can't wait to be able for doing them.

I love sport, since i was a child I took place in a Sportscenter and I've practiced different sports: Ski, dance, tennis, paddle (it's like tennis but you play in a smaller court), surf, sailing, swimming, basket and lifesaving.

I like to practice them all.

For many years I've competed in the swimming and lifesaving team. In the Winter season my family and I like to go to a ski resort. I also like music so much, and I've learned in a Dance Academy since I was very young: classical and modern dance, and the Spanish typical dance: "sevillanas". I would like to practise it and also show how we dance sevillanas.

I always have liked to help other people, so when my school does some solidary work I often sign up , ike last month that we went to a market to pick up food for the bank food or like a few years ago when my friends and I did some bracelets and we sold out all of them in the solidary yard sale of our school.

I've lots of friends, not only at the school, besides at the Swimming and Lifesaving team. And in summer at the summer camps, out of my city, where I meet new girls.

I'm learning how to cook the Spanish omelet, and I hope my host family like it as much as i like hot dogs and burgers.

I travel a lot with my family, but I don't know U.S. yet, i would like to visit it and live it as an "American", thanks for your time and hope you like it. I'm looking forward to meeting you.

Cristina
