Special Dietary Restrictions: No

What makes you unique:

Student's Letter (Excerpt):

Dear Host Family

I would like to introduce myself and say thank for the opportunity to stay with you while I go to school in your country

I am Rouven, 15 years old and I live in a suburban near to a big city.

I live with my father and my two little brothers in a flat.

This flat is near to my school so I am able to walk to school.

You are surely asking yourselves what my reasons for a year abroad are.

So my reasons for a year abroad are for one.

I like to meet new people and see new places, also to learn something new about a new culture. This gives me the ability to see the world through different eyes and not only to be judged by the experience of other people.

One obvious reason is of course to proof my english skills.

Also I hope to earn lot of experience for my life and to be more independent.

To my personal characteristics: I am not really a shy person but at the beginning of the year abroad its possible that I only need time to settle in and in this time maybe I don't speak very much. But after 1-2 weeks I will speak more.

Lets come to my hobbies.

So my biggest hobby is the Music, this costs much time of my life. I am a music producer and artist.

And like to creat beats or melodies on my Pc with programms like FL Studio. Also I collect sneaker and fashion from big brands like Supreme or collabs for example the Nike x Off-White collaboration.

And this is also a intrest of my friends so we talk often about this stuff.

But often I play basketball with my friends.

So this was it with my hobbys and intrests.

So I hope we have a great time and I look forward to hearing from you and especially to meet you

Yours sincerely

Rouven
