Student's Letter (Excerpt):

Dear host family,

Hey my name is Amelie and I am 15 years old. I live in an amazing family, there are my father, my mother and me, so I'm an only child. We are a funny, adventurous and honest family and I greatly appreciate that. We go to church together, travel a lot, take trips and go to restaurants. My mother is Greek, so I am bilingual. Mostly I act like a Greek girl, because I like eating, I am chaotic and I love to have many people around me.

My hobbies are dancing ballet, listening to music singing, meeting my friends and going shopping. I like to spend time with my friends very much and be creative and different ways. My friends are very important for me, because I can tell them everything and they are there for me when I need them, and they pray for me if I need that. I hope that I will find some friends like these in the USA. Furthermore, I like baking cooking good food, traveling in photography.

I think that I am a confident, brave and funny girl. Moreover, I like adventures and I am full of curiosity. I am also helpful, joyful and open-minded. I am a person who enjoys life very much and I have a great love for life. Another important fact about me that you might want to know is, that I wear a crown 24/7, so that does not mean that I act like a princess and that I don't want to help in the kitchen for example. This is just a sign of difference in individuality.

The first question everybody asks, when I told him that I go to the USA, was the big: why the USA? What a silly question, because it's a dream since I was young to travel to the USA. The high school flair, the countryside, the big cities and everything. I would like to be a part of this amazing country. It's not A dream, it's MY dream. So, I think you that you will make this dream come true. I feel honored that I can be part of your family. Thank you for your receptivity. Of course, I will miss my friends and my family very much, but I am ready to find new friends and a second family.

Sincerely yours,
Amelie
