Student's Letter (Excerpt):

Dear host family,

I am a 15 years old girl from Germany called Clara. I love to learn new things and meet new people, so an exchange year is the best chance to do both of this. I am a calm person, who can be shy at first, but if I feel welcome, I will be open to everyone. Other people call me friendly, funny and happy girl, with a big heart, which is very excited to let new people in. I like to make new friends and meet them in my free time.

Most of the time of the week I am at school and after that I study or do homework. But at the weekend, for example, I go outside, draw some stuff like portraits, read books or play the keyboard. I also like to bake. When I was young I was riding horses, but now I have no time for that.

I am nervous and excited!

It has always been my biggest dream to be honest. Thank you so much for making it real! Since I have been a little child, I dreamed of living in America, speaking English and getting to know the country, the culture in the school system there. I am looking forward to meet you.

Take care, Clara
